GUARDSMAN
Security Services

Structured Security Delivered Professionally.

Reliable security, managed properly from day one.

WHY GUARDSMAN

Site-Specific Risk Assessments
We assess your site before deployment to ensure the right level of protection, staffing, and coverage is in place from day one.

Emergency & Short-Notice Cover
Rapid deployment for urgent requirements and staff absences, ensuring uninterrupted security cover.

Fully Licensed, Trained & Vetted Officers
All officers hold a valid SIA licence, are fully vetted, and assigned based on site requirements.

Strong & Visible Deterrence
Uniformed officers provide a clear, visible presence to reduce incidents and maintain control on-site.

Clear Reporting & Communication
Incidents are logged and communicated with clear escalation where required.

Dedicated Account Management
A single point of contact ensures consistent service delivery and quick issue resolution.

ABOUT GUARDSMAN

Guardsman Security Services is a London-headquartered security provider supporting retail, construction, commercial, and facilities management clients across the UK.

We deliver structured security solutions built on reliability, compliance, and clear communication. Each site is properly assessed before deployment, officers are fully SIA licensed and vetted, and service delivery is supported by active management and defined reporting procedures.

Our focus is on maintaining standards, not simply meeting minimum requirements. Whether providing short-term cover or supporting ongoing contracts, we deliver consistent, dependable security services backed by practical management support — ensuring shifts are covered and issues are handled promptly.

Security Services

OUR STANDARDS

Fully Licensed & BS7858 Vetted Officers

SIA-licensed and BS7858-vetted officers, deployed through structured recruitment and screening processes to ensure reliable, compliant coverage.

24/7 Operations Management

24/7 operational oversight with defined escalation procedures, ensuring rapid response and uninterrupted site coverage.

Supervisor-Led Site Support

Regular supervisory visits to monitor performance, support officers on-site, and maintain consistent service delivery.

Experienced Security Personnel

Trained in access control, conflict management, and professional site conduct, with personnel assigned based on site-specific requirements.

Proactive Risk Management

Ongoing site risk assessments with coverage adjusted as needed, maintaining visibility, control, and effective incident prevention.

UK-Wide Coverage & Scalable Deployment

Scalable deployment across London and nationwide, supporting multi-site operations as requirements evolve.

Trusted by businesses across commercial, retail, and industrial sectors. Delivering reliable, compliant, professionally managed security nationwide.
